*Présentation de l'éditeur* Many of us were put off history by the dry and dreary way it was taught at school. Back then 'The Origins of the Industrial Revolution' somehow seemed less compelling than the chance to test the bold claim on Timothy Johnson's 'Shatterproof' ruler. But here at last is a chance to have a good laugh and learn all that stuff you feel you really ought to know by now... In this 'Horrible History for Grown Ups' you can read how Anglo-Saxon liberals struggled to be positive about immigration; 'Look I think we have to try and respect the religious customs of our new Viking friends - oi, he's nicked my bloody ox!' Discover how England's peculiar class system was established by some snobby French nobles whose posh descendents still have wine cellars and second homes in the Dordogne today. And explore the complex socio-economic reasons why Britain's kings were the first in Europe to be brought to heel; (because the Stuarts were such a useless bunch of untalented, incompetent, arrogant, upper-class thickoes that Parliament didn't have much choice.) A book about then that is also incisive and illuminating about now, '2000 Years of Upper Class Idiots in Charge', is an hilarious, informative and cantankerous journey through Britain's fascinating and bizarre history. As entertaining as a witch burning, and a lot more laughs. *Revue de presse* "Excellent... John O'Farrell gives an extra squirm to the traditional English comedy of embarrassment" (Sunday Times) "So funny because it rings true... Packed with painfully observed jokes" (The Times) "Punchline fuelled, relentless humour... Is John O'Farrell funny? Very!" (The Mirror) "A tart narrative voice and a delectably understated way with wisecracks... Very, very funny" (New York Times) "O'Farrell is a consistently humorous writer with an acute ear for the absurdities of middle class pretension" (Mail On Sunday) *Présentation de l'éditeur* Many of us were put off history by the dry and dreary way it was taught at school. Hilarious and true  
Par Client d'An easy read and a fun read. Highly recommended to have a broad picture of what happened over time in Britain. Quite a heavy volume too.  
0 internautes sur 0 ont trouvé ce commentaire utile.  
Livre super, à recommander pour bonne pinte de rigolade  
Par SylvegPour le livre, pas de problème, on me l'avait conseillé et il est à la hauteur de ce qu'on m'en avait dit. Très spirituel.  
Par contre, le colis est arrivé un peu ouvert ; l'enveloppe étant légèrement trop petite pour contenir 3 livres en même temps.  
0 internautes sur 0 ont trouvé ce commentaire utile.  
Bon livre.  
Par JU2AC'est un livre accessible dès la première année de licence. Son avantage: décrire l'histoire britannique de façon ludique. Doit servir de livre de seconde main après un cours d'un professeur.
