*Présentation de l'éditeur* Angelina Jolie was born June 4, 1975 and is an Academy Award-winning actress, a former fashion model, and a Goodwill Ambassador for the UN Refugee Agency. Often cited as one of the world's most beautiful women she is both adored and envied; either way she is constantly in the media spotlight no less for her personal life than her on-screen performances. Winner of three Golden Globes, two Screen Actors Guild Awards and an Oscar for Best Supporting Actress, Angelina has come along way since her first low budget production Cyborg 2 in 1993. She went on to appear in the critically acclaimed biopics George Wallace and Gia and won an Oscar for her performance in the 1999 drama Girl, Interrupted. But Angelina's most famous role to date unquestionably was her portrait of videogame heroine Lara Croft with which she established herself as one of the best known and highest paid actresses in Hollywood. Angelina has been married twice - to actors Jonny Lee Miller and Billy Bob Thornton - and she currently lives with fellow actor Brad Pitt, a relationship that sparked a worldwide media frenzy. Jolie and Pitt have three adopted children, Maddox, Pax and Zahara, and three biological children, Shiloh and twins Vivienne and Knox. With the recent release of The Changeling and the imminent release of Wanted plus two more films confirmed for 2009 Angelina's successful career shows no signs of wavering, although with reports that her relationship with Brad is on the rocks and inconsistencies concerning their intention to adopt more children there is a lot below the cool exterior of this global superstar.

Amour, gloire et beauté  
Par Gwen  
Angelina Jolie est une des rares actrices actuelles qui, par sa beauté, sa prestance et son glamour naturel, rappellent un tant soit peu les grandes figures mythiques de l'âge d'or d'Hollywood, mais on aurait tort de ne voir en elle qu'une plastique irréprochable et un regard qui tutoie l'infini. Certes, je ne doute pas que son impressionnante anatomie ait fortement aidé son ascension dans la jungle impitoyable du septième art, mais il me semble que son talent est à la mesure de cette immense beauté. Le problème, évidemment, c'est qu'il lui est arrivé de gâcher ce talent en s'égarant dans des niaiseries bruyantes comme "Lara Croft" ou "Mr et Mrs Smith", mais après tout les meilleurs acteurs commettent des erreurs et il suffit de consulter la filmographie de Robert de Niro ou Jack Nicholson pour s'en convaincre. Personnellement, je serais donc tentée d'excuser les quelques faux pas d'Angelina pour ne retenir d'elle que ses meilleurs rôles, que ce soit celui de la femme-flic de "The Bone Collector", l'épouse de Daniel Pearl dans "A mighty heart" ou la mère en colère de "Changeling" de Clint Eastwood. Oui, Angelina Jolie, n'en déplaise à ses détracteurs, est beaucoup plus qu'une paire de jambes sublimes et un décolleté ravageur. C'est aussi une comédienne douée qui, j'en suis sûre, décrochera un jour un bel oscar pour décorer le trumeau de sa cheminée de Beverly Hills. Quoi qu'il en soit, si vous désirez en savoir un peu plus sur cette femme sympathique et sensible, je vous conseille cette jolie biographie qui a le mérite d'être non pas un "pavé" lourdingue mais plutôt une promenade instructive à travers la vie et l'oeuvre d'une très grande star dont le meilleur est sans doute encore à venir. En prime, ce livre nous offre de bien jolies photos d'Angelina comme par exemple celles où on la découvre en petite fille timide tenant son Jon Voight de père par la main et souriant déjà comme un ange à la caméra. Comme disait Corneille, "la valeur n'attend pas le nombre des années!"
